So when it comes to Infinite Receiving, it is for you if you're a female entrepreneur, or you're a conscious leader who desires to live on the frequency of more. And what I mean by that is that you want to create a wildly abundant and rich and wealthy existence across every single area of your life. More money, more joy, more love more freedom, we do things on the frequency of more not because we're coming from a place of lack, not because we are greedy, not even because we are not content with our lives, you can be wildly content and know that it is in your very nature.
