This is the infinite receiving podcast, helping conscious leaders tap into a wealth of abundance across all areas of your life and business. I'm Suzy Ashworth. And I'll be sharing with you how you can upgrade your reality through Quantum transformation. Because you are ready for infinite receiving.

00:32

Hello, hello, hello, you gorgeous human being it is Suzy Ashworth here, and this is the Infinite Receiving podcast. And this is episode number one. And I am so excited to be bringing you this first episode. I'm going to keep it quick. I'm going to keep it short, I am going to keep it snappy. So this episode is all about what exactly is Infinite Receiving.

00:58

And I want to ask you a question. Before we dive into it. You might if you're not doing anything crazy operating heavy machinery or driving, you might want to close your eyes.

01:10

As I asked this question, basically only do it if it's safe for you to do so. And if not, it's all good. The question I have for you is: How would it feel in your body if you knew that you never had to worry about not having enough? Ever again. It's a big freaking question. And the first time I asked myself that question, the only thing that my body was able to do in response to it was to let go was to surrender was to relax. And it felt so good in my body.

01:53

Because most of the time, people are operating from a place of stress from fear that either what they've got is going to run out, or they're never going to have quite enough. And so they're operating from this space of continual lack. I'm not enough, there's not enough, it is going to run out.

02:19

Infinite Receiving is basically the antithesis of all of that. And for sure, it's a lifestyle, the Infinite Receiving lifestyle. But it's not just that it's an energy. And it's a frequency that we get to choose, we get to activate within hours. We get to become an energetic match for and it is my desire that you have the experience on a daily basis on a moment by moment basis of being a match for the frequency of infinite receiving. What happens when we switch it on is that what we're experiencing is a deeper level of trust.

03:09

And when we're in that space of trust, there's a whole new level of freedom that we get to tap into, like you feel uninhibited. There's more freedom to create, and to speak, to move, to ask and to play. And when you're in business, I know that many people who listened to this, who are entrepreneurs, all of those things are absolutely necessary when you're building your business. And when you're not in business, who doesn't want to be able to share their voice, share their truth, and move and ask and play and create.

03:53

These are universal things that become so much easier when you are a match for that frequency. And it doesn't stop there. You know what we're talking about is living into the frequency of more, more money, more love, more joy, more peace, more wealth, wealth that you experience across every single facet and area of your life. So we're really diving deep into what it means to be and live and radiate as an abundant human being.
