This is the Infinite Receiving Podcast helping conscious leaders tap into a wealth of abundance across all areas of your life and business. I'm Suzy Ashworth. And I'll be sharing with you how you can upgrade your reality through Quantum transformation. Because you are ready for Infinite Receiving.

Hello, Hello, Hello you gorgeous, gorgeous human being is Suzy here. This is going to be short, but sweet. I am just about to go to Russell brand's community festival. And it feels really stretchy to be here actually.

When I told my son that I was coming camping this week, weekend, and he looked to me almost like what? Surprising. When I told him that I was camping Festival. He was like, Well, I want to come. And when I told him that the festival was in Wales, and that I was driving, he just looked all kinds of confused. It's like not a triple whammy, but certainly a double whammy like mum camping in Wales and she's driving herself. This is bizarre what is going on. And I actually really loved the fact that I was able to surprise him in that way.

And as well, for me, it is a surprise, I keep thinking to myself, who am I and how did this happen? It was such a last minute spur of the moment decision but it feels really, really good. It is just what I need after a week that has been full of duality. Because this isn't a kind of regular Festival. It's more like a wellness event. And so I'm looking forward, I might treat myself to an ice bath. I definitely will be doing some ecstatic dance and meditation and I might even try some Brazilian Jujitsu, who knows but that is the kind of vibe.

I know that after the week that I have had there's stuff that I get to release and transmute has been a week of duality, like incredible things like reading the foreword for my book from the lovely Denise Duffield Thomas, that was a highlight. It was so so incredible. And I when I was saying I think it was on thrive, like to have her write the foreword, she's the person who she was the second course that I ever

bought, like get rich Lucky Bitch was the second programme that I ever bought, and then to have her 1000s of students later as a friend writing the foreword in my book. So outstanding, feels like such a full circle moment. And such a high

And then at the same time, there is there has been this week a huge amount of duality. And I know I know that there are so many gifts like in the context of Infinite Receiving. I am receiving so much from the duality. And what is interesting is that from an ego perspective, I felt like the victim I felt like this is so unfair. I felt like people are wanting to take stuff from me. And catching myself in that mindset has been annoying. Annoying, like Oh, are we not passed this yet? And frustrating that I'm aware of what it is that I'm doing and how and the game that I'm playing with myself. And then also really like, Ah, okay. You have bumped up against an edge. And in this edge, there's a beautiful reflection for you, and so much opportunity for your growth. Are you going to take it? Are you ready? Are you ready for this? And the answer is, Yes, I'm ready. The answer is, even though the answer is yes. Even though at times I'm like no, I just want to be a kid and stomp my feet I know that I don't mean that. And the question that I asked on threads today was, What if every single situation? What if every single situation was perfect for my spiritual growth? or personal development? That was the question.

And it's so interesting, because I've heard, I've had my amazing clients. Dr. Sarah Madigan ask that question so many times, like, How can this be perfect? How can this be perfect? How can this be perfect? And I love that as a question, but what really shifted and landed for me is how can this be perfect in relation to my spiritual growth and personal development? And will, because there are so many times when, when you look at it, it doesn't look perfect, it doesn't feel perfect at all. It feels unjust, it feels, you know, just, it feels challenging, it feels hard, and you can't see the benefit anywhere. But as soon as I add spiritual growth, I'm like, oh, there's spaciousness. And if everything is always perfect, all of the time. It is such a powerful question to be asking every single time there's challenge every single time there's stress. And so I really want to invite you in this coming week, to ask yourself that question, too. How is this perfect for my spiritual growth? or personal development, whichever one feels most aligned to you, knowing that everything that is happening is unfolding for your personal growth and development? If that's true, if you believe that to be true, ask yourself that question and see how it changes your perception. See how it puts you back in your power. So that is what I want to leave you with. Today, I want to say have an incredible rest of your weekend. And I'm going to be hosting a masterclass, which is going to be perfect for you. If you have if you have a desire to be hitting consistent 5k A month or to
